

Name that inn! Named by Hogan & Martigan

Every adventuring group sooner or later ends up on the local tavern or inn. Most adventures begin at an inn, and quite a few end there too. Sometimes it can be difficult to come up with a unique name for the inn, but this table gives a helping hand. Roll thrice on the table below and you'll find your unique name. The only trouble now is to come up with a plausible explanation when the players ask for the history behind the particular Inn's extraordinary name!
